Oh no! Today is the day of the fancy dress competition and your monsters are nowhere near ready. You dash into the bedroom and open the dressing-up box.

Here we go! Clothes, shoes, hats, glasses... You get everything out the chest to dress up your friends, making them the stars of the show!

COMPONENTS

30 Costume Cards

4 Monsters

Touffux

Gelito

Cornak

Norguz

39 accessories

GOAL OF THE GAME

Playing against each other or in teams, become a Monster Stylist and be the quickest to dress up your Monsters.

To win the game, you must be the first to collect 5 Costume Cards.

SETUP

1 Place the 4 Monsters in the middle of the table where all players can reach them.

2 Spread the Accessories on the table so that all players can reach them.

3 Shuffle the Costume Cards and put them in a face-down pile next to the Monsters.

• If you are playing with more than 2 players, divide yourselves into 2 equal teams: a Blue Team and a Yellow Team.

• If there are an odd number of players, no worries! One team can have an additional player.

• To make things easier, players who are on the same team should sit on the same side of the table.

Let the game begin!

TURN OVERVIEW

One of the players draws a Costume Card and places it face up next to the pile so that all players can see it.

From now on, all players simultaneously follow the next 2 steps in order:

Take the 2 Monsters that are on your team

The Blue Team takes the 2 Monster Cards with the blue background, and the Yellow Team takes the 2 Monster Cards with the yellow background.

For this Costume Card, the Blue Team takes Norguz and Gelito, and the Yellow Team takes Cornak and Touffux.

Dress up the 2 Monsters on your team

Each team then takes the Accessories they need to dress up their 2 Monsters as shown on the Costume Card.

Note: you can only take the Accessories that you need to dress up your Monsters. The other Accessories have to stay in the middle of the table for the other team.

Each team takes care of their own Monsters and should never interfere with the Monsters on the other team. The Accessories have to be correctly placed on the Monsters, exactly as shown on the Costume Card, even if they might sometimes look a bit silly!

The Yellow Team has to dress up Cornak by putting the pirate's hat on his head. They also need to dress up Touffux in a Viking helmet and a charming bow tie.

END OF THE TURN

As soon as a team has finished dressing up their 2 Monsters, they have to slap the Costume Card and shout **"FANCY DRESS!"**. The turn ends.

The Monsters on this team should now be checked very carefully.

- If all the Accessories have been placed correctly, this team wins the round and receives the revealed Costume Card.
- If 1 or more Accessories are missing or have been placed incorrectly, the costume is wrong! The team loses the round and must give the revealed Costume Card to the other team.

END OF THE GAME

The game ends when one team wins their 5th Costume Card. All the players on this team win the game: together, they are crowned the Best Monster Stylists!
